

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

We need to be able to use our cell phones on commercial aircraft. The airlines would like to keep us from having any outside contact to avoid any possibility of complaints while we are on the aircraft. The long flights with no communications are very difficult.

Sincerely,

Tommy Lee
